ABOUT ME

After a career as a cosmetologist, I reflected on the things I enjoyed and I realized one common factor was technology. It was always there - whether it be my dad who is a technical engineer or my uncle who is a software designer. I love the idea of creating something from scratch and seeing it live on the web. This industry is ever-changing and I love it for that reason.

WORK HISTORY

Cosmetology Educator

I.T.S Academy of Beauty May 2013 - February 2017

I was a stylist, team leader, and assistant manager. I developed lesson plans and testing while teaching introductory and advanced phases for the students. I oversaw the classroom and handled student issues accordingly.

Cosmetology Educator

Sport Clips August 2009 - May 2013

I helped the managers with operations of the salon in their absence. Resolving disputes with clients and stylists alike to maintain a customer friendly experience for all our clients and employees.
